Dear Mr. Allen:

Thank you for your generosity. Yesterday, most of our kids at Alternative House, some of our Reassurance Contact clients and some volunteers attended your Thanksgiving dinner at Strongbow's restaurant in Valparaiso. The feedback we got was that you were gracious, the food was wonderful, and everyone had a good time.

At this time of year, we are busy preparing to make a good memory for kids who are in our emergency shelter. Families are important and at this season of the year, we appreciate our families and can understand the loss when children feel alone, have chosen to leave or been pushed out by their family. You helped make this holiday a good memory.

Thank you for your kindness and thoughtfulness. It was a wonderful idea to provide a Thanksgiving feast - - and even transportation to get to the special restaurant.

Sincerely,

Shirley Caylor
Executive Director
